Door direction for Bazhai System 180°

According to the Bazhai System - also known as the East / West Group System - the compass direction of the front door determines the constant energy qualities of the eight 45° sectors or trigrams. With the input direction of 180°, the house has its sitting position in the North sector. It belongs to the trigram Kan - 1 and is part of the East - Group. The trigrams show the internal energy potential of the various parts of the house. The more accurate direction, according to the 24 mountains, is situated in the sector of Wu, S2 172,5°-187,5°. The floor plan is displayed with 0° - North pointing to the top of the page.

Use of replacement Stars no replacement

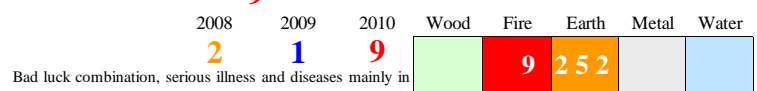

The Xuan Kong Fei Xing System - also known as Flying Stars - represents the time dimension of the Feng Shui. The facing is determined mainly by those factors of the environment which favor the incoming Qi. The measured direction of 180° belongs to the 15° sector Wu, S2 172,5°-187,5°. The "birth year" of the house is 2006; it belongs to the 8th 20-year circle; This determines the number 8 in the center of the grid. The energy potential for a house of the period 8 in the current period 8 is the highest. The flying stars of this direction are calculated without replacement stars.

Elements of the Altman Family

The 5 elements or changing states are basic to all states of energy and their changes through Feng Shui remedies. Between the extremes - fire and water (sky=yang, earth=yin), as well as wood and metal (alive=yang, crystal=yin) rests the Element earth as a neutral Center. See the correspondence in the yin - yang symbol and the trigrams. The 5 elements relate to each other in three distinct ways:

Advanced San He

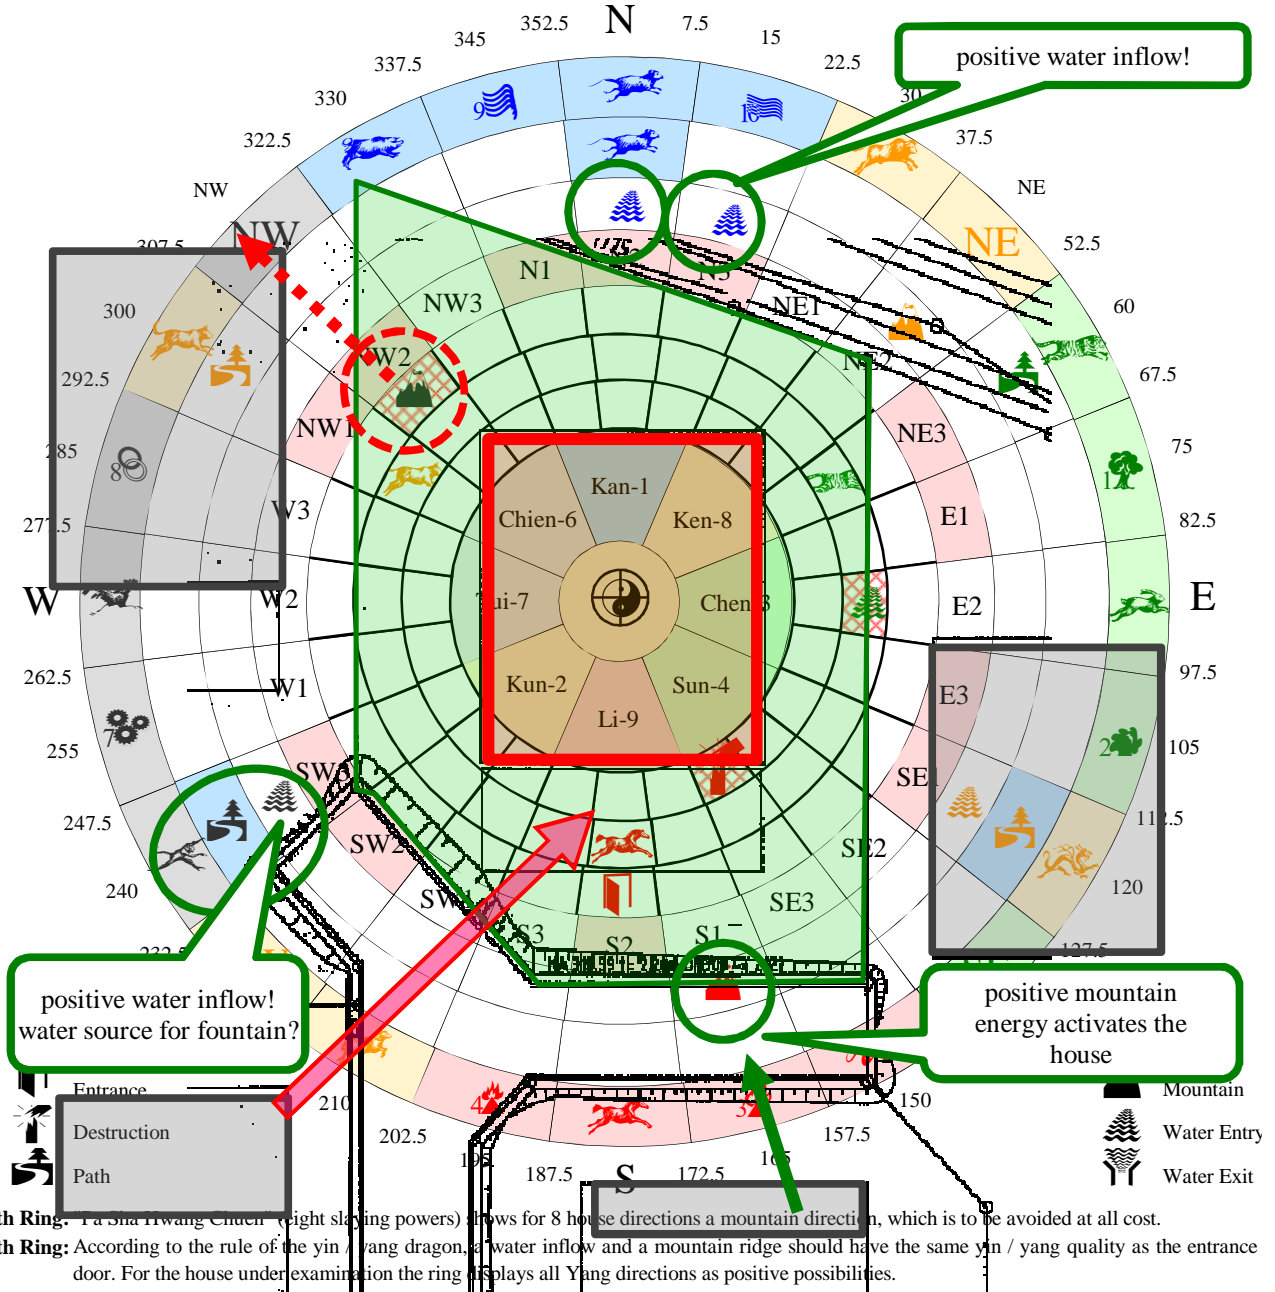

according to Master Yap Cheng Hai

This rule of the advanced San He system analyzes several aspects of the surrounding landscape, including mountains, roads, water entries and exits as well as destroyed structures. Aspects to be avoided are crossed out.

1st Ring: The Kan - 1 house with color representing trigram elements.

2nd Ring "Chor San Kibble Sart" describes for each sitting a specific direction, in which rough mountains or destroyed, defect and ugly appearances are specially harmful.

3rd Ring: The "Peach Blossom Sha Road Formation" shows information about disadvantageous water entries, which are located in one of the 4 cardinal directions. They are occupied by the enemy of the Fire-trigram, which is determined by the animal of the door direction.

4th Ring: "Fa Sha Hwang Chuen" (eight slaying powers) flows for 8 house directions a mountain direction, which is to be avoided at all cost.

5th Ring: According to the rule of the yin / yang dragon, a water inflow and a mountain ridge should have the same yin / yang quality as the entrance door. For the house under examination the ring displays all Yang directions as positive possibilities.

6th Ring: "Five ghosts carry treasures" offers in 8 formulas information about auspicious mountain ridges and water inflows.

7th Ring: The "three harmony doors" determine auspicious road directions for the 4 sitting positions in the cardinal directions. The animal of the sitting position obtains support from its two partners of the same trigram and of its reflections. One of the 4 roads is sufficient for the positive influence.

8th Ring: The 24 directions or dragons appear in the outer circle as a reference. It consists of 12 animals, 10 elements and 4 directions. The background color represents the element.

Dangers of the Year 2008

 The Rat, the governing animal of the year 2008, is also known as Grand Duke Jupiter. According to legend he is very ugly and punishes direct eye contact. The unfavorable energy from the direction North, 345° - 15°, should be avoided by turning one's front out of this direction. The area opposite called the conflict star should be avoided as well.

 The Horse is the enemy of Jupiter and its position in the animal circle is directly opposite (position of conflict star). Horse, Tiger and Dog form the gang of the 3 Shars or 3 Killings in the main direction of the Fire-trigram, which is the South. This sector has in the year 2008 much conflicting energy and one should not turn one's back on it.

 The Yearly Star 1 of the year 2008 flies on its predetermined path through the trigram grid. The unlucky star number 5, due to its astronomical appearance, is referred to as Yellow 5. It appears in the sector South. Here one is confronted with additional challenges throughout the year.
